HONEY TASTING

Arataki Honey – Havelock North

The story of Arataki Honey began when 17-year-old Percy Berry was asked to help a neighbour to remove a swarm of bees from a tree. From that single swarm began the dream of one day becoming a full-time beekeeper.

In 1944 Percy Berry bought nine acres in Arataki Road, Havelock North. With his son Ian. Percy registered 131 hives to Arataki Apiaries Ltd, and began a journey that resulted in the Arataki Honey we know and love.

They have a large tasting bay where you can taste many different types of honey including the world famous Manuka Honey..
